# TERMS AND CONDITIONS OF SALE

## POLICIES

### Aquascape's Internet Reseller Policy

The purchaser hereby represents that it is not an "internet reseller" of the products it is purchasing from Aquascape. The term "internet reseller" means a business (1) whose principle activity with respect to Aquascape is the purchasing of products from Aquascape without taking possession or providing installation, maintenance, or warranty service for the items purchased and reselling those products over the internet to a third party; and (2) that advertises or resells the products at a price less than 80% of Aquascape manufacturer's suggested retail price ("MSRP"). Aquascape's current MSRP for each of its products can be found on its web site at [www.aquascapeinc.com](http://www.aquascapeinc.com). Aquascape reserves the right to terminate sales to internet resellers as defined above.

### Damaged Shipments

Please inspect every shipment before signing your delivery receipt. Signed delivery receipts are proof that your shipment has arrived "complete and without damage." You may refuse your shipment if it has been damaged in transit without penalty. Claims will not be paid if the delivery receipt is signed "complete and without damage." Be sure to inspect liner rolls carefully since they damage easily. Damage on small parcel shipments must be reported within 24 hours of shipment delivery. LTL (Less than Truck Load) shipment damages or shortages must be reported within 3 business days.

### Returns and Warranty Merchandise

To return an item, please call our Customer Care Department toll free number (866-877-6637) to receive a return authorization number (RA#) before shipping the product back. All returned products, including warranty pumps, must be returned postage prepaid.

**Non-Warranty Returns:** If, within 30 days after your purchase, you are dissatisfied for any reason, you may return your purchase for a full refund, provided the product is in re-sellable condition. After 30 days, a 15% restocking fee applies to all items in re-sellable condition. Any product held over 90 days is non-refundable.

**Warranty Returns:** All items, especially pumps, will be put through a series of quality assurance tests by the Aquascape Returns Department. Credit will only be issued for items that are deemed unusable and within warranty. Product found to be in working condition will not be credited and shipping back will be at your cost. Your proof of purchase may also be required to validate the warranty. Replaceable or wearable parts (such as filter media, impellers, light bulbs, o-rings, etc.) are not covered under the warranty policies. Refer to the warranty statement in the installation/user guide included with the product or online at [www.aquascapeinc.com](http://www.aquascapeinc.com) for more details.

### Standard Truck Freight Shipments/Extra Shipping Expenses

- A \$25 charge will apply to all LTL orders being shipped to a residential address.
- If you require the driver to assist in unloading your shipment, there is a minimum \$150 charge from the carrier.
- A \$25 fee will apply for all deliveries requiring an appointment for delivery.
- If you require a truck with lift gate, a \$25 fee will apply.
- Re-deliveries will carry an additional fee of \$25. Any additional fees due to shipment refusal will be the customer's responsibility.
- If Aquascape is not notified of any of the above at time of order, an invoice will be created and sent to you.
- Please be aware of these additional carrier-imposed requirements and charges when placing your order.

### Standard Truck Freight Shipping and Handling Charges

Products listed in this price list with an \* denote that the item must ship via Truck Freight. The minimum LTL (Less than Truck Load) shipment freight charge is \$100. The Truck Freight Shipping and Handling rates are by weight of the order, starting at 100 pounds. Persons capable of unloading a freight shipment must be present to unload and inspect the delivery upon receipt. Please be sure to notify Aquascape at the time of order if the delivery is being shipped to a residential address. A commercial address delivery is defined by the presence of a loading dock.
