

INSTRUCTIONS FOR USE:

FOR LAKE AND LARGE POND USE ONLY: This formulation can cause water clarity issues in small enclosed systems, as the nutrient packages are not optimized for the right type of metabolic activity.

HOW MUCH: Four packs treat $\frac{1}{4}$ acre for up to 1 month.

CALCULATE POND SIZE: Length (feet) x Width (feet) x Average Depth (feet) x 7.48 = US Gallons

HOW OFTEN: Apply once or twice a month for maintenance.

HOW TO: Add packs directly to the water.

PLEASE NOTE: Most effective in water temperatures above 45°F (7.2°C). **Keep out of reach of children.** Store at room temperature.
